Wendy K. Spradlin

Sir:

03/23/2001 TRESHAH1 00000041 09294341

Responsive to the Office Action of **November 21, 2000**, the period for response having been extended one (1) month until March 21, 2001, the following amendments and remarks are respectfully submitted in connection with the above-identified application.

**RECEIVED**

**MAR 27 2001**

**Technology Center 2600**

In the claims:

Please cancel claim 2 without prejudice or disclaimer of the subject matter recited therein.

Please amend claims 1 and 6 as follows. Please note that a marked-up copy of the amended claims is attached hereto.

1. (Amended) An image display device comprising:
- a liquid crystal panel having a switching element for every pixel electrode;
  - a scanning line driving circuit for driving scanning lines of said liquid crystal panel;
  - a signal line driving circuit for driving signal lines of said liquid crystal panel;
  - a control circuit for controlling driving said liquid crystal panel;
  - a video signal processing circuit; and
  - a circuit for producing a phase difference in a second signal with respect to a phase of a first signal which is input to said signal line driving circuit or to said scanning line driving
